

## LINOLEUMS

are going up, but our prices remain the same!

Burlap—the foundation of linoleum—is advancing steadily in price, and higher prices for material compel higher prices for the manufactured product. Despite this fact, we have not advanced our retail valuations, but after our present stock is gone we shall have to, because our next purchase will entail heavier cost.

Crackless, chipless. No joints to collect dirt. Noiseless, elastic. Easily cleaned with water and soap. Enduring. The inlaid and tile effects we show—and the colorings—are most attractive. If you delay that intended purchase you'll certainly have to pay a full third more.

Printed Linoleums, 55c and 65c per square yard. A very special for a few days in a dozen or more patterns at 45c per square yard.

Pythians in Barre and nearby towns are interested in the moving-picture version of "Damon and Pythias," which is to be presented in the Barre opera house Thursday evening. Much that members of the order hold dear is woven around a story that is often said to describe "the world's greatest friendship."

Already the scenario has been shown in two or three Vermont towns. Thousands of moving picture-actors, many horses and unusual scenic effects were employed to stage the drama before the camera.
